## qtXLS Lizenz- und Nutzungsbedingungen

### §1. Property and Ownership

The qtXLS software consists of files packed into a single archive: qtXLS.zip. The qtXLS.zip file is available by download from the WWW (current address [http://www.qtsoftware.de/vertrieb/db/qtxls\\_e.htm](http://www.qtsoftware.de/vertrieb/db/qtxls_e.htm)).

The qtXLS software is owned by the author Jörg Kuthe. The author is represented by QT software GmbH, Germany, called QT followingly, which is authorized to allocate use rights to qtXLS. The copyright remains at the qtXLS software and this documentation with the author.

### §2. Licensee and Licence File

The licensee is the user of the qtXLS software and the buyer of a qtXLS licence, which he has obtained from QT in the course of the purchase of the qtXLS licence. The licence file (format L####.#####.lic, with # = digit 0 through 9) and the licence routine (in the file qtSetLicence\_####.#####.f90 with # = digits from 0 through 9) contain identifying data of the licensee.

### §3. Licence and Passing on of Components of the qtXLS Software

The licence consists of the right of the licensee to use the qtXLS software for the development of programs, i.e. thus to create executable files whose name ends on .exe. The executable file created with qtXLS may neither have the function of a compiler nor that one of a linker.

In addition, the licence covers the right to the passing on of the qtXLS.dll as well as the licence file (L####.#####.lic, if supplied) of the licensee together with programs (.exe files) which call qtXLS routines. The passing on of any other file of the qtXLS software is not allowed.

When passing on of programs based on qtXLS, the licensee has to point out to the user of the qtXLS based programs the ownership at the qtXLS.dll by the following text:

"The file qtXLS.dll is property of Jörg Kuthe, represented by QT software GmbH, Germany. The use of the qtXLS.dll is permitted only together with the <program name of the qtXLS licensee>.exe provided by the <qtXLS licensee>." Those words put in pointed brackets have to be replaced by the name of the licensee and his qtXLS based program.

### §4. Transfer and Assignment of the Licence

The licensee cannot be represented by another person. This excludes particularly the rental of the qtXLS software. The licensee may sell the use licence if he reports the disposal or assignment of the licence to another licensee to QT in writing. The assignment must include the confirmation, that the selling licensee gives up his rights at the qtXLS software. The new licensee

must agree to these licence conditions in writing and deliver to QT those data which are necessary for the preparation of a new licence file.

#### §5. Warranty

QT ensures the function ability of the qtXLS software for the period of 2 years after acquisition of the licence. In the fault case it is up to QT either to refund the paid price to the licensee or to fix the reported error in the qtXLS software. If the money paid for qtXLS is refunded, the licensee loses the right to use the software qtXLS. Complaints or faults have to be verified by the licensee by a program he provides.

#### §6. Use Risk and Limitations of Liability

The licensee uses the software qtXLS on risk of his own. QT is liable in maximum amount of the paid price for the qtXLS software.

#### §7. Declaration of Consent

The licensee gives his agreement to these conditions by the acquisition of the licence.
